

California MUTCD Training

City of Clovis Public Safety Building
Emergency Operations Center Room
1233 Fifth Street, Clovis, CA 93612

April 7, 2011 – Thursday – 8:00 AM to 5:00 PM

*Instructors: Don Howe & Johnny Bhullar,
Caltrans HQ Traffic Operations*

To register, provide **Name, Affiliation & Phone #** to:
Joanne McNeil via e-mail: JoanneM@ci.clovis.ca.us

The class is free and open to Caltrans, local agency staff and private TCD practitioners.
Registration is mandatory for all attendees to ensure seats are available for everyone.

Topics Include:

- Part 0 - Introduction
- Part 1 - General
- Part 2 – Signs (Regulatory & Warning)
- Part 3 - Markings
- Part 6 – Temporary Traffic Control (Work Zones)

For course content questions, contact: mutcdsupp@dot.ca.gov

NOTE: *The primary area of focus for this class is regulatory and warning signs, pavement markings and temporary traffic control in construction and maintenance work zones. It will not cover any of the other major topics, such as guide signs, traffic signals, traffic control in school areas and traffic control for bicycle facilities nor for railroad and light rail transit grade crossings.*

Description:

This class will familiarize participants with the format, applicability and compliance aspects of the California MUTCD to encourage compliance. The class will cover recent changes that have been included into the California MUTCD 2010 as of January 21, 2010 in California. Compliance with the National MUTCD Revision No. 2, dealing with minimum levels of sign retroreflectivity will be discussed. Attendees will be exposed to some changes in the recently FHWA released National MUTCD 2009 edition and details on efforts underway to adopt these changes for California.
